Dear Second Grade Families,

The supply list below is created in order to establish and maintain a well-organized classroom environment and educational experience. Each item serves a specific and important purpose for this reason. Please note that specific brands or requirements are based on durability and quality, and while they may tend to be a little more expensive than generic brands, they last longer, and in the end save you money (and our learning community a good deal of time and effort)! It is also important that your child come to school with all the supplies necessary. Not having required supplies greatly affects organization and preparedness, and ultimately academic growth.

Thank you for your cooperation. We look forward to a wonderful school year together!
